

Agribusiness Professor

Department of Agribusiness Management

Zamorano University

www.zamorano.edu

Roles and responsibilities

Academic

- Teach courses in international trade, logistics, physical distribution, and other areas related to agribusiness, ensuring effective student learning and academic development.
- Contribute to the holistic education and character formation of Zamorano students by supporting institutional initiatives and collaborating with other departments and units.
- Deliver training sessions and seminars in areas of specialization.
- Provide academic advising to undergraduate and graduate students (especially those in the Agribusiness program) in the development of their graduation projects and other academic work aligned with the department's offerings.
- Regularly assess student performance in assigned courses and implement activities to improve their learning through continuous academic assessment.

Learning-by-Doing Program

- Actively participate in the department's Learning-by-Doing program, a cornerstone of Zamorano's educational model.

Research and outreach

- Engage in outreach and applied research activities related to agribusiness, including scientific publications.
- Promote entrepreneurial thinking among students by organizing and supporting events that foster business skills and innovation.
- Build and strengthen partnerships with the national, regional, and international private sector to enhance academic and applied learning opportunities.

Requirements

- Master's degree in international trade or a related field within agribusiness.
- Doctorate (Ph.D.) in a field relevant to agribusiness.
- Minimum of five (5) years of experience in international trade, logistics, or other agribusiness-related areas.

Specialized knowledge:

- Proven experience in agribusiness management.
- Experience in teaching and curriculum delivery.
- Research experience in related fields.
- Knowledge of data management and analysis platforms.
- Fluent English: Able to understand virtually everything heard or read with ease and express ideas spontaneously and precisely, even in complex situations.
