Animal Health Instructor

Department of Agronomy Engineering
Zamorano University
www.zamorano.edu

Key Responsibilities

- Plan, coordinate, supervise, and evaluate student activities in the Learning by Doing program.
- Provide tutoring and additional academic support when needed.
- Deliver technical presentations as scheduled.
- Grade students daily and maintain accurate records both in hard copy and in the academic system.
- Monitor and evaluate students' learning progress throughout the training process.

Qualifications

- Bachelor's degree in agricultural engineering, animal science, or related field.
- Minimum of 2 years of relevant work experience.

Specialized Knowledge and Skills

- Experience supervising students or personnel in livestock health settings.
- Technical knowledge in animal production, health, and reproduction.
- Familiarity with veterinary tools and procedures related to animal health and treatment.
- Proficiency in bovine rectal palpation techniques.
- Experience monitoring animals' postoperative response and reactions to anesthesia.
- Understanding of pre-treatment/surgical animal preparation, including asepsis, antisepsis, disinfection, and pharmacology.
- Skilled in artificial insemination techniques in cattle, pigs, goats, and sheep.
- Experience with herd monitoring software such as VAMPP and Ganadero TP.
- Strong command of Microsoft Office applications.
- Valid driver's license (vehicle and/or motorcycle) and up-to-date personal documentation.
- Intermediate English proficiency: able to understand the main points of clear, standard language on familiar topics in work, study, or leisure; can describe experiences, events, and aspirations, and provide brief justifications or explanations.

Core Competencies

- Strong sense of commitment
- Quality-driven mindset
- Innovation and adaptability
- Integrity and ethical conduct
- Service-oriented attitude
- Emotional intelligence
- Effective communication

- Mentorship and student support
- Pedagogical management
- Research interest or experience

Application Process
