

## Join Zamorano as a **Research Assistant**

Department of Agricultural Sciences and Production  
Valle del Yegua, Francisco Morazán, Honduras

### **Why Zamorano University?**

At Zamorano University, we transform lives through hands-on education and academic excellence. We are a leading institution in agricultural and agroindustrial education in Latin America, committed to innovation, sustainability, and the holistic development of our students. Join our team and become part of a community that creates meaningful impact across the region.

### **About the Opportunity**

If you are passionate about agricultural research, biological control, and technical work in both field and laboratory settings, this opportunity is for you.

As a Research Assistant, you will support key activities in the Biological Control area and contribute to the development of protocols, trials, and technical reports that strengthen our research initiatives.

### **What You'll Do**

- Plan, coordinate, conduct, and supervise field and laboratory trials
- Develop and improve strategies and protocols to produce natural enemies
- Support research and production activities carried out in the biological control laboratories
- Prepare weekly activity reports and detailed production plans for the biological control lab
- Collaborate with production technicians on pest management and natural enemy production activities
- Work closely with faculty members on projects and activities related to biological control

### **What We're Looking For**

- Degree in Agronomy or a related field
- Minimum of two (2) years of professional experience in similar roles
- Experience in horticultural crop and staple grain production
- Experience conducting field trials, sample collection, and statistical analysis
- Strong technical knowledge in the area of specialization
- Familiarity with occupational health and safety procedures relevant to the role
- Must reside in Honduras
- Proficiency in Microsoft Office and other relevant digital tools
- Intermediate English proficiency: able to understand the main points of clear, standard texts related to familiar topics at work, study, or leisure; able to describe experiences, events, goals, and briefly explain opinions or plans

**What You'll Find at Zamorano**

A multicultural community committed to excellence; a unique campus surrounded by nature that serves as a living laboratory; opportunities for continuous learning and professional growth; a collaborative environment that fosters innovation; specialized resources in agriculture and sustainability; and an institutional culture grounded in respect, ethics, and a shared purpose to positively transform the region.

**Inspired to Be Part of Our Mission?**

Please send your cover letter, updated resume, and three (3) professional references in PDF format to: [talentohumano@zamorano.edu](mailto:talentohumano@zamorano.edu)

Subject line: **Research Assistant**

Application deadline: **February 10, 2026**
