

Join Zamorano University as:

Replacement Breeding and Management Instructor

Department of Animal Science and Production
Valle del Yeguaré, Francisco Morazán, Honduras

Why Zamorano University?

At Zamorano University, we transform lives through practical education and academic excellence. We are a leading institution in agricultural and agribusiness education in Latin America, committed to innovation, sustainability, and the holistic development of our students. Join our team and become part of a community that creates positive impact across the region.

About the opportunity

If you are passionate about leading hands-on learning processes and contributing to the development of skilled and committed professionals, this opportunity is for you.

As a Replacement Heifer Rearing and Management Instructor, you will guide and mentor students in activities that strengthen their technical skills and professional judgment. Your role will be key in advancing academic and productive initiatives, supporting research and extension projects, and promoting comprehensive learning that benefits both the university community and the agricultural sector.

What you will do

- Plan, coordinate, implement, supervise, and evaluate activities within the Learning-by-Doing program.
- Support the preparation of the unit's operational plan and budget.
- Provide tutoring and academic reinforcement to students participating in the Learning-by-Doing program when needed.
- Deliver technical talks and instructional sessions according to the established schedule.
- Evaluate student performance daily and record grades both in physical records and in the academic system.
- Assess student learning outcomes throughout the training process.
- Ensure compliance with conduct policies established by the Academic Vice Presidency and the Academic Dean's Office.
- Support the development of student theses and internships.

What we are looking for

- Bachelor's degree in Agricultural Engineering (Agronomy) or a related field.
- Minimum two years of professional experience in related roles.
- Strong theoretical and practical knowledge in the area of specialization.
- Experience supervising students or trainees.
- Familiarity with occupational safety procedures relevant to the nature of the work.
- Proficiency in computer applications, particularly Microsoft Office.
- Valid driver's license.

Inspired to be part of this mission?

Send your cover letter, updated CV, and three (3) professional references in PDF format to: talentohumano@zamorano.edu

Subject line: Replacement Heifer Rearing and Management Instructor

Application deadline: April 30, 2026

Non-Discrimination Policy

Zamorano University does not discriminate based on ethnicity, race, religion, gender, or nationality in the administration of its educational policies, admissions policies, financial aid programs, extracurricular activities, employment, or any other institutional programs.
