

## Technical Support for Users

Office of the Associate Dean for Academic Management and Quality  
San Antonio de Oriente, Francisco Morazán, Honduras

### Join an Institution That Develops Leaders to Transform the World

Become part of an institution committed to operational excellence and technological innovation in service of its academic community. In this role, you will join a team dedicated to strengthening institutional efficiency through the administration, optimization, and support of critical attendance systems essential to daily operations.

You will work in a collaborative, service-oriented environment that values continuous improvement—where your technical expertise becomes a key driver in ensuring reliable, modernized processes across the institution.

### About the Opportunity

This temporary position offers the opportunity to contribute to a team focused on enhancing institutional efficiency through the administration and support of attendance management systems.

In this role, you will help maintain reliable, up-to-date platforms that support the institution's daily operations. You will be responsible for tracking incidents, assisting users, and ensuring the accurate collection and management of data.

### Your Impact at Zamorano University

As an Attendance Systems Support Specialist, your role will have a direct and strategic impact. You will ensure the optimal performance of platforms used to record, manage, and analyze attendance data for personnel or students, providing accurate information that supports informed decision-making.

### What We're Looking For

#### Required Qualifications:

- Recent graduate in Systems Engineering or a Bachelor's degree in Computer Science or Information Technology
- Advanced proficiency in Microsoft Excel, including formulas, tables, filters, and data organization
- Strong ability to document, organize, and follow up on requests
- Experience using information systems or digital platforms is preferred

**Why Zamorano University?**

Zamorano University is recognized for its operational excellence and commitment to transparent, innovative processes—creating an ideal environment for professional growth in technology-related fields.

Joining as an Attendance Systems Support Specialist will allow you to work with essential platforms that support daily institutional operations, contributing directly to overall efficiency and effectiveness.

**How to Apply**

Interested candidates should submit the following documents to **talentohumano@zamorano.edu**:

- Cover letter outlining motivation and alignment with the position profile
- Résumé including at least two professional references

**Application deadline: March 10, 2026**

---

**Non-Discrimination Policy**

Zamorano University does not discriminate based on ethnicity, race, religion, gender, or national origin in the administration of its educational and admissions policies, financial aid programs, extracurricular activities, employment practices, or any other institutional activities.
